## **BIO FURNITURE POLISH**

**DESCRIPTION:** Bio Furniture Polish consists of stone pine oil, lavender and other essential oils, natural resins, balsams and alcohol in an aqueous solution. After a short drying period the polish provides a matt shine. It has a pleasant smell, cleans and maintains very well.

**APPLICATION:** For cleaning, maintaining and protecting all lacquered and varnished hard and soft woods, stone, ceramics etc. Excellent for regular maintenance of furniture and doors.

**DIRECTIONS FOR USE:** Apply a thin and even layer with a soft cloth, without exerting pressure. After a while it can be polished under light pressure. May effect high gloss surfaces; especially shellac finishes, test small area on resistance to alcohol.

**STORAGE:** Store in a cool and dry place. Close bottle well.

**PACKAGING:** 100 ml bottle

**DISPOSAL:** Do not pour left over polish down the drain. Unwanted polish should be brushed out on newspaper, allowed to dry and then disposed of via domestic waste collection. Let empty container dry out as well and dispose via recycling program.

The preceding information is given as a general guide only. Some variations may occur or be advisable for particular conditions. Our responsibility for claims arising from breach of warranty, negligence or otherwise is limited to the purchase price of the material.

Bio FURNITURE POLISH is an environmental friendly product.
