BIO TIMBER CARE POLISH

DESCRIPTION : A silky matt self polishing concentrate, developed by BIO for use on all varnished, oiled and waxed wooden surfaces like toys, furniture, paneling as well as cork, linoleum and stone floors. It protects surfaces from dirt and mechanical wear. It will not form unpleasant, stubborn wax layers. Use sparingly, especially on stone.

APPLICATION : Apply with a lint-free cloth liberally. On newly treated surfaces apply the first coat undiluted after four weeks. Floors: Remove dirt first and apply one undiluted coat. On heavy traffic areas apply undiluted again when necessary. For regular maintenance use Bio Timber Care Polish diluted at the rate of 50 ml in 5 Litres of warm water. Apply with a damp, not a wet cloth.

COVERAGE : Before dilution, 1 Litre BIO Timber Care Polish will cover 40-70 sqm.

PACKAGING : 0.5, 1 Litre and 20 Litres

STORAGE : Keep tightly sealed in a cool, dry place. Close container well after use. Keep Out of the reach of children.

DISPOSAL: Do not pour left over polish down the drain. Unwanted polish should be brushed out on newspaper, allowed to dry and then disposed of via domestic waste collection. Let empty container dry out as well and dispose via recycling program.

INGREDIENTS: Vegetable hard wax, essential oils, water.
