

VOLVOX LIQUID WAX FINISH INTERIOR

DESCRIPTION: VOLVOX Wax Finish is a natural protective coating made from water-borne Carnauba wax. It is formulated as a top coat for sealing furniture, floors and some painted surfaces. Furthermore it is suitable for the care and maintenance of oiled and wax floors and other surfaces.

PROPERTIES: This wax finish creates a porous, water resistant film that can be buffed to an attractive, soft sheen.

USES: As a top coat for sealing heavily-used porous surfaces such as wood, cork, natural stone or tiled floors, stairs, work surfaces etc. It can also be used for cleaning and restoring wooden surfaces. *Shake well before use!*

SPECIFICATION DATA:

Colour: Clear

Finish: Satin

Drying Time: 15 minutes

Coverage: Undiluted approximately 25 square metres per litre. Diluted - 1 litre will make 20-50 litres when mixed with water.

STORAGE: Keep container tightly sealed and store in a cool, dry and frost-free place.

APPLICATION DATA:

Method: Cloth or mop

Thinning: Water

Cleaning: Water

VARIATION OF USES:

SURFACE PREPARATION: All surfaces must be primed with either VOLVOX Hard Oil Wax Finish (1-342) or VOLVOX Hard Oil (1-340) or VOLVOX Wood Oil (1-346).

PROTECT AND SEAL SURFACES: Use undiluted and apply evenly with a water-wet cloth or mop. Leave for up to 15 minutes, then buff with dry lint-free cloth or buffing machine.

CARE TREATMENT: Mix 20-50 ml of VOLVOX Wax Finish into 10 litres of warm water. Apply as above.

Address: PO Box 1188 BEGA NSW 2550

REMARK: Using a micro-fibre cloth for the application of oil or wax and the cleaning of the treated surfaces will cause shorter intervals of maintenance and a higher consumption of oil/wax.

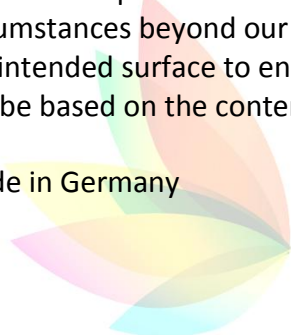

INGREDIENTS: Carnauba wax, alcohol ester, water and sodium citrate.

PRECAUTIONS: Do not apply if the ambient temperature is below 5 °C or relative humidity exceeds 95%. Keep container sealed and out of reach of children. Do NOT empty into drains or watercourses. Any dry leftovers can be disposed with domestic refuse. Check local regulations of waste disposal.

SAFETY INFORMATION: Product is Bio-degradable and non-toxic.

DISCLAIMER: Natural paint products are usually better suited for people with allergies. However, it is advisable that individuals with chemical sensitivities test the products for compatibility. This technical sheet is given in good faith and to be used as a guideline for retailers and paint users to achieve the expected results. However, due to unpredictable circumstances beyond our control, the user is fully responsible for testing the product on the intended surface to ensure that it is suitable for one's requirements, NO LEGAL LIABILITY can be based on the content of these pages.
